

EDUCATORS TO TALK

Foreigners to Make Addresses at Hygiene Congress.

PROGRAM NOW COMPLETE

Will Be Printed in Three Languages, English, French and German.

MEETS HERE NEXT MONTH

Sessions to Be Held in This City September 23-28—Hundreds to Be Present.

The program for the Fifteenth International Congress on Hygiene and Demography, which meets in Washington September 23-28, is now completed, and will soon be sent to members of the congress throughout the world. Hundreds will attend the meeting. Officers of the congress here declare that the program is the richest and most extensive of any of the fifteen health congresses which have met in various capitals during the past half century, and promises to form the greatest compendium of knowledge upon matters relating to the public health ever gotten together. The program is printed in three languages—English, French and German.

There are to be four plenary sessions and the balance of the program is divided into nine sections. Dr. Max Rubner of Konigsberg, Friedrich Wilhelm University, Berlin, president of the Permanent International Commission of Congresses of Hygiene and Demography, will address the first plenary session. Dr. Rubner is now at the Hotel Astor in New York. His subject will be on "The Significance of Hygiene and Demography" for the sanitary institutions of nations, with particular reference to international work and a historical review of things hitherto accomplished.

Sir Thomas Oliver to Speak.

Sir Thomas Oliver of the University of Durham College of Medicine, Newcastle, England, will address the second plenary session upon "Dust and Fumes—Foes of Industrial Life."

The third plenary session will be addressed by Dr. Jacques Bertillon, chief of the bureau of municipal statistics, Paris, France. His subject will be "Mortality and Diseases Causing Death in Various Countries."

The fourth plenary session will be addressed by Dr. Frederick Zahn, director of the Bavarian statistical office, on "The German Industrial Insurance System and its Social Hygienic and Social Political Significance."

GOVERNMENT TO BREED HORSES FOR THE ARMY

Agricultural Department Planning System to Supply Army Remounts.

Preparations are being made by the Department of Agriculture to establish in this country a systematic method of breeding horses to be available for army remounts. This is a matter that has been under consideration for several years. The supply of horses available for army remounts is considerably below the supply even in times of peace, and if war demands were made the country would be entirely unable to respond.

A board of officers was appointed last year and prepared a circular giving the qualifications of remount horses that should be made to have farmers raise horses that would fill the requirements.

Several Stallions Contributed.

Some of the wealthy horsemen of the country put several stallions at the disposal of the department and these were located at Fort Royal, Va., and placed at the disposal of farmers who would give the government an option on the colts at a certain age and price.

The congress just ended appropriated \$50,000 to extend the system in Virginia. Stallions will be bought and stations established in different parts of the country, where they will be at the service of the farmer and subject to government option on the colts.

Some of these stations will be established in Kentucky and Tennessee, and some in other parts of the country. The exact locations will be announced later.

LABOR LEADERS QUIZZED.

Gompers and Morrison Testify at Hatters' Trial.

HARTFORD, Conn., August 28.—Frank Morrison, secretary of the American Federation of Labor, was subjected to cross-examination by Attorney Daniel Bayne today when the hatters' trial was resumed today in the United States district court.

The witness reaffirmed his testimony of yesterday that the American Federation of Labor never had anything to do with placing a boycott on the production of hats by the Lawrence & Co. of Danbury, plaintiffs in the present suit.

President Samuel Gompers of the American Federation of Labor was next asked what jurisdiction the American Federation of Labor exercised over the hatters' strike in 1908 and 1909, the witness said it had exercised no jurisdiction.

CHINESE BANDITS LOOT.

Force of Marauders Invade British Territory and Bind Europeans.

HONGKONG, China, August 29.—British territory was invaded last night by a party of heavily armed Chinese bandits and marauders on a bench and seized the customs station at Lofun. They captured, bound and gagged two Europeans and some Chinese, and then carried off a stack of opium and a small sum of money from the collector's office.

Afterward the bandits left British territory and made a raid on the Chinese town of Samchun, just over the border line, where they looted many of the houses and carried off a large sum of money and other valuables.

CHILE ORDERS QUARANTINE.

Operates Against Nursery Stock From United States.

Notice has been received by the Department of Agriculture from the Chilean government that a plant quarantine law has just been promulgated there similar to the plant quarantine law just passed in the United States. Under the new law the importation of grapevine cuttings and nursery stock of all kinds is prohibited.

Other plants imported have to pass an examination, and if necessary, to be disinfected, this work being done at the expense of the interested parties.

CAPITAL MARKSMAN

Makes Good Score

Frank Huseman of This City Gets Forty-Two Out of a Possible Forty-Five.

Special Dispatch to The Star.

BAITMORE, August 29.—Frank Huseman of Washington and Frank Billmyer of Cumberland made the highest scores this morning in the annual registered trap shooting tournament of the Maryland State Sportsmen's Association, when each killed forty-two birds out of forty-five.

The first event at fifteen targets Huseman broke thirteen, and got fourteen in the second, and a straight in the third. E. W. Ford and A. B. Stine registered the next best scores among the Washingtonians, as each broke forty-one saucers. Ford got a straight in the second event, while Stine made a perfect score in the third event. Miles Taylor and W. D. Monroe each killed thirty-eight birds. Taylor got fourteen in the third, while Monroe only missed one in the second event.

Nearly sixty-five marksmen will be on the firing line this afternoon when the state championship will be held at fifty targets.

Morning Shoot Score.

The morning's scores follow:	
Miles Taylor, Washington	Shot at. Broke.
W. D. Monroe, Washington	45 38
E. W. Ford, Washington	45 41
Stine, Washington	45 41
A. B. Stine, Washington	45 41
Paul Steubener, Washington	45 41
Shaw	45 37
Thurmond	45 37
O. D. Williams	45 38
Leister	45 39
Thurmond	45 39
Basel Wagner	45 33
Holand	45 39
Oliver	45 32
Keen	45 34
Andrew	45 33
Ritt	45 28
G. Diffendall	45 31
T. Diffendall	45 41
Malone	45 39
Gipe	45 39
Whitford	45 39
Breen	45 39

VOTES OUTNUMBER MEN

Balloting for Governor in South Carolina Primaries to Be Investigated.

COLUMBIA, S. C., August 29.—Allegations that more ballots were cast for governor in Tuesday's democratic state primary than there were voters in the state have been made to Chairman Gary Evans of the state executive committee, and the belief is prevalent today that there will be an official recount of the gubernatorial vote as soon as the executive committee can make an investigation.

Vote Far Exceeds Record.

The vote exceeds the record by 30,000. It is estimated that fully 20,000 more votes were cast for governor than in any of the previous contests. According to the returns from Anderson county alone, 4,000 more votes were polled for governor than for other state officers. Some of the county executive committees have not waited for the state committee to take action, but already have ordered investigations and a recount. There are reports of contests from all over the state.

Bleasie's Majority, 1,461.

CHARLESTON, S. C., August 29.—Complete and corrected returns from the state primary Tuesday gave Cole Bleasie, incumbent, 69,457, and Ira B. Jones, 65,972, in the gubernatorial race. Duncan, the third man in the race, received 2,024, which gives Bleasie a majority of 1,461. The total vote of 135,500 breaks all records.

ESORT FOR GEN. LAN.

Chinese Military Officer Will Visit Army Institutions in District.

Gen. Lan Tien-wel, accompanied by several members of the Chinese legation in this city, called on Maj. Gen. Wood at the War Department today in the course of a tour which the distinguished Chinese officer is making of military institutions in the United States. Gen. Lan has ceased his official connection with the Chinese army, for the time being at least, and is making this tour in a purely personal capacity.

Gen. Wood assigned Capt. Dorey of his personal staff to escort the visitor to Fort Myer, the War College, the naval gun foundry and other places in the District, and the navy officials will afford him facilities for seeing the Naval Academy.

Gen. Lan also wishes to visit West Point and one of the big army manufacturing armories before he returns to China.

HUGE SUM FOR CHARITY.

Pan-Hellenic Union of America Votes to Expend \$906,000.

BOSTON, August 29.—The Pan-Hellenic Union of America, with a membership of 4,000, closed its annual convention by voting \$906,000 for various charitable purposes. The money was apportioned as follows: \$5,000 for relief of victims of the recent earthquake in the Sea of Marmora; \$200,000 each to the schools of Macedonia, the schools of Epigon, the consumptives' home at Athens and the Society for the Promotion of Schools in Asia Minor; and \$1,000 to the bishops of Smyrna, to be used for the schools of that city.

Constantinople Papamichalopoulos was chosen eminent commander of the union.

ACCUSED OF CONSPIRACY.

Four Face Charges in Lawrence Strike Dynamite Plot.

BOSTON, August 29.—Two indictments were returned today by the Suffolk county grand jury in connection with the alleged conspiracy to distribute dynamite in Lawrence during the textile strike there last winter. One indictment contained the name of one man and the other named three men.

Dennis J. Collins, a Cambridge dock laborer, was arrested after testimony before the grand jury for about ten minutes this morning.

Collins, who was charged with unlawfully transporting dynamite on January 29, was arrested on a bench warrant and was held in \$1,000 for trial. Collins is a friend of John J. Brennan, a local labor leader, who is charged with setting off dynamite to kill certain persons.

Many a man adopts methods to gain his ends which are his gains. Lippincott's.

TYPE OF REBELS AND AMERICAN LEGATION IN MANAGUA, WHERE TROUBLE IS BREWING

GATES' FUNERAL SUNDAY

Young Man Struck by Yard Engine Dies From His Injuries.

Funeral services for Harry W. Gates, eighteen years old, who was killed by a yard engine yesterday afternoon while crossing the tracks of the Baltimore and Ohio Railroad Company near the office of the United States Express Company, 2d and I streets northeast, will be conducted Sunday afternoon at 3 o'clock at Immanuel Baptist Church, Columbia road and 16th street northwest. It is probable Rev. J. B. Clayton will conduct the service in the absence of the pastor of the church.

Mr. and Mrs. Charles J. Gates, parents of the young man, reached Providence Hospital in time to see their son before he lapsed into unconsciousness. He recognized them. Because of the mangled condition of one leg, an operation was performed without delay, but the operation failed to save him.

Death occurred about 6:30 o'clock last evening. E. T. Gates, Chicago, brother of the deceased and secretary of the Illinois Christian Endeavor Society, will reach here in time to attend the funeral.

Expected to Graduate Next Year.

The deceased was a third-year pupil at the Central High School and would have graduated next year. He accepted a position with the United States Express Company for the vacation period and had arranged to leave the position next Saturday.

Yesterday afternoon Gates was assisting in the work of looking after the contents of an express car, and was struck by an engine while crossing the tracks to the engine house. Several persons employed by the company went to his assistance and he was taken to the hospital.

At the inquest over the body at the morgue this morning a verdict of accidental death was returned, the jury holding that the engineer of the engine that struck Gates was blameless.

BALLOON RACE ENDS.

The Kansas City II Believed to Have Won Antlers Trophy.

COLORADO SPRINGS, Colo., August 29.—The balloon Kansas City II, John Watts, pilot, and Frank P. Blair, aid, reported to have landed near Sedalia, forty miles north of this city, is believed to have won the race for the Antlers trophy, which started from Colorado Springs last evening.

The balloons Uncle Sam, Capt. Honeywell, pilot, and Bruce A. Custin, aid, formerly the Goodyear, Paul McCullough, pilot, and R. A. D. Preston, aid, were the other contestants in the race.

ONE MEMORIAL IS URGED.

Union of Forces Seeking to Honor Titanic Dead Advocated.

Mrs. John Hays Hammond, head of the Women's Titanic Memorial Association, has received a communication from Mrs. Evelyn Gurley-Kane, secretary of the national Titanic memorial fund committee, suggesting that the two associations unite in erecting one memorial to the men, women and children who were lost in the Titanic disaster. It is urged that the bravery of the women and children should receive as much recognition as that of the men. According to the figures quoted, one-fourteenth of the first-class women passengers were lost—one-fifth of the second-class women passengers and more than one-half of the women among the third-class passengers.

Mrs. Gurley-Kane, in suggesting the consolidation of the two organizations, wrote:

"I believe that I voice the sentiment of every heart in the thought that there should be one memorial to all, and that we should unite in community of thought and interest, and that the little children and brave women who, with the men, went down with the ship."

ELKS END SESSION.

NORFOLK, Va., August 29.—The Virginia Reunion Association of B. P. O. Elks concluded its annual session here today after fixing Richmond as the next place of meeting, in 1913, and the election of the following officers:

President, C. S. Johnson of Roanoke; first vice president, T. C. Conlon of Charlottesville; second vice president, W. T. Baugh of Petersburg; third vice president, Michael Ward of Newport News; secretary, W. Clifford Godsey of Petersburg; treasurer, John B. Riley of Richmond; chaplain, Rev. Edgar Carpenter of Alexandria; sergeant-at-law, T. P. Rogers of Norfolk; doorkeeper, Capt. T. J. Hanlon of Norfolk.

THIRTEEN MEN ARE RESCUED.

Mexican Firefighters in Pitiable Condition When Saved.

LOS ANGELES, August 29.—Thirteen Mexican firefighters were rescued in a fire today from Devil's Canyon, where they had been hemmed in since Monday morning by the flames that are sweeping through the brush on the San Gabriel range.

The Vicksburg was reported damaged while on the way to aid the wrecked freighter Pleiadés at Magdalena Bay.

Gunboat Has Arrived Safely at Guaymas, Mexico.

TUCSON, Ariz., August 29.—The United States gunboat Vicksburg, about whose safety fears were entertained yesterday, was reported today as having arrived at Guaymas, on the west coast of Mexico, last night.

The Vicksburg was reported damaged while on the way to aid the wrecked freighter Pleiadés at Magdalena Bay.

Funeral of Mrs. Harding.

Funeral services for Mrs. Ann Freerer Harding, who died yesterday after a long illness, will be held at her residence, 1403 3d street northwest, tomorrow afternoon at 2:30 o'clock. Mrs. Harding, who was eighty-four years old, had been a lifelong resident of this city. Two daughters, Mrs. William Lowrey and Mrs. Martha Reiner, survive her.

Skunks Worth \$500,000.

From the Milwaukee Journal.

You will not find it in the report of the state board of immigration nor in the literature of the Wisconsin Advanced Association, but nevertheless one of Wisconsin's commercially important products is the skunk. It is estimated that in a single year skunks to the value of nearly half a million dollars are sold in this state.

State Game Warden John A. Shotts has compiled some figures on this not too pleasant subject. Estimates believed to be conservative and based solely upon statistics and observations of men in the department who have had occasion to note the facts give the number sold annually at \$200,000. At an average price of \$1.50 each, these animals have a total value of \$300,000. The magnitude of this particular branch of the industry in the bearing animals is realized by comparison with others.

OSBORNE MAY TAKE PART IN POLICE INVESTIGATION.

Will Cross-Examine Witnesses in Proceedings in New York, It Is Said.

NEW YORK, August 29.—Investigation of police blackmail arising out of the killing of Herman Rosenthal is to be thorough and persistent. In the John Doe proceedings to be started next week before Supreme Court Justice Goff it was reported today that Former Assistant District Attorney James W. Osborne is to play a leading part as a cross-examiner of witnesses.

Mr. Osborne conducted the investigation of the ice trust at which Justice Goff presided, and the legal work of that proceeding withstood the acid test of the highest courts. The investigation of the conditions in Albany was conducted by Mr. Osborne, who, it is understood, has been called to return from abroad and take up the work of graft hunting.

Says Immunity Was Promised.

"Dago Frank" Cirofici, indicted as one of the actual murderers of Rosenthal, issued a rambling written statement from his cell today, intimating he was promised immunity if he would "squeal" on the other prisoners. He says he would not consent to do this.

The grand jury which returned the indictments against Lieut. Becker and the other alleged murderers of Rosenthal went into session shortly after 11 o'clock this morning to take testimony on several straggling ends of the investigation. The first witness was James E. Mann, a republican leader of the third assembly district, who has said that he conducted profitable stock transactions for Lieut. Becker. He made this statement as an explanation of the large bank accounts of the accused lieutenant which have been uncovered by the district attorney.

LEWIS POTTER, SCULPTOR, DIES.

SEATTLE, Wash., August 29.—Lewis Potter, the New York sculptor, died here today after a long illness. He was a Chinese physician for a minor skin disease of long standing. Mr. Potter came here ten days ago on a tour of the west.

The exact cause of death has not been determined. The coroner is conducting an investigation.

Treated by Chinese Physician for Skin Disease.

The exact cause of death has not been determined. The coroner is conducting an investigation.

Denies French Request.

The Treasury Department today denied a request from the Limoges (France) Chamber of Commerce, asking for an extension of time beyond September, the date set for the operation of the new regulations to govern the appraisement of imported Limoges china. Copies of the new plan were sent to French exporters early this month, and Treasury officials ruled that sufficient time had been allowed.

Under the new regulations an agreement made in 1906 between this country and the Limoges Chamber of Commerce will be abrogated, and in place of a formal rate list, appraisement covering the various grades of china will be provided.

Alleged Forger May Be C. P. Morse.

A man giving his name as W. R. Parker, who, according to press dispatches, resembles C. B. Morse, alleged to have recently swindled a local real estate firm out of \$5,500, is being held at Perry, Okla., on a charge of forgery. Maj. Byrd, superintendent of the Washington police department, this morning telegraphed the chief of police of Perry asking for a complete description of Parker.

Ah Sin in South Africa.

From the Atlantic.

As the result of my last visit to the diamond fields the community was divided into two hostile camps, consisting of legitimate and illegitimate brokers. The former had offices and a license, the latter scorned expense and control of any kind, and had dealings directly, and finally, with the Kafirs in the pit. The Kafirs were very just then beginning to understand the opportunities connected with the diamond trade. The sources of valuable stones were finding their way into the market and giving no end of trouble to the legitimate dealers.

A Kafir was caught at the game he received an unmerciful thrashing from the legitimate community. He was strapped up on a lamp post, for there were no trees in the vicinity. But the thrashing did not improve him. He was strapped up on a lamp post, for there were no trees in the vicinity. But the thrashing did not improve him.

Funeral of Miss Klase.

Funeral services for Miss Anna Moore Klase, twenty-nine years old, who committed suicide yesterday morning by swallowing carbolic acid while at the summer home of her mother in Washington Grove, Md., will be held in this city today at 2 o'clock. The services and burial will be private.

Miss Klase had been ill for about two weeks from nervous prostration, but appeared to be improving. Yesterday morning while alone in her room she drank two ounces of carbolic acid. Dr. C. N. Etchison of Gathersburg was summoned, but by the time he reached the Klase home the young woman was dead.

MISSING GIRL FOUND

At Home of Friend

Eileen Callity Apparently Unmindful of Commotion Caused by Disappearance.

NEW YORK, August 29.—Eileen Callity, a girl who disappeared from her home, 424 5th street, northwest, Monday morning, returned there this afternoon without saying even as much as "Hello" to her sister or neighboring children. She had been located by Sgt. Lee, Policeman Cox and Detective Howes of the first precinct. When shown pictures and stories in the newspapers, telling of her disappearance, the little girl had nothing to say.

According to Eileen, she has been living since Monday morning with a Jewish woman, named Mrs. Zaltrow, at 1224 7th street. This woman, who came home with Eileen today, stated she had met her in the parking at Carnegie Library Monday morning.

Asked to Remain.

Eileen and the Zaltrow children are playmates, and according to Mrs. Zaltrow, Eileen was to stay at her home while her sister went to Chesapeake Beach Monday and Tuesday. The woman consented. Later Eileen said her sister would not be home until Sunday. Eileen was informed by telegraph of the child's recovery.

The police were busy on the case yesterday and today. Detectives Mullin and Warren of the central office, Policemen R. M. Cox and Detective Howes of the same precinct followed several clues today in an effort to trace the child.

NEW RECORD FOR ELGIN TRACK.

ELGIN, Ill., August 29.—Teddy Tetzlaff, in a 120-horsepower Fiat, worked the eight-mile
